

Labrador-Grenfell
Health

MEMORANDUM

TO: All Staff

FROM: Boyd Rowe
Chief Executive Officer

DATE: 2010 03 25

RE: **STAFF ADVISORY**

We understand that some of you have been invited to a stakeholder meeting tomorrow to discuss the changes announced today to the air ambulance system. It is not recommended that staff attend this meeting as representatives of Labrador-Grenfell Health.

However, we respect your views as individuals and your rights to speak as residents of your community. Therefore, should you decide to attend a community meeting, I would caution you that as employees, any statistics, situations and other information you may be privy to about the operations of the air ambulance program are considered the private and confidential information of Labrador-Grenfell Health and would not be appropriate to discuss in a community forum or with the media.
