## Jones Meeting With Federal Fisheries Minister

Yvonne Jones is in Ottawa today for meetings with the Federal Fisheries Minister. Jones wants to speak with Gail Shea about the sealing industry, amendments to the NAFO convention now before Parliament and some local issues involving small craft harbours in her district of L'Anse au Clair in Labrador. Jones says she also plans to discuss the plight of hundreds of Newfoundland fishermen who were unfairly taxed after selling back their fishing licences. Jones says over 20 million dollars is owed to some 800 families in the province. She says they deserve to have some resolution to the issue.
