## Jones Thrilled With Year-Round Ferry Service for Straits

Opposition leader Yvonne Jones says she's absolutely thrilled with word the provincial government is introducing a pilot project that will see year-round ferry service on the Strait of Belle Isle. Jones says it's very good news for residents on both sides of the Straits. Transportation Minister Tom Hedderson says residents will be able to avail of a twice-weekly round trip service from Blanc Sablon to Corner Brook once the Apollo comes off the run at the end of the month.
