## Dean Calling on Premier to Apologize

Opposition Education Critic Marshall Dean says the Premier needs to apologize to senior administrators and Sir Wilfred Grenfell College after publicly attacking them in recent comments to the media. Dean is calling the premier's recent verbal attack against acting Principal of Sir Wilfred Grenfell College Dr. Holly Pike, unwarranted, and an attempt to deflect from the real issue. Dean says government is breaking its commitment to a full, autonomous Sir Wilfred Grenfell College and needs to apologize to the people he insulted for challenging his commitment. Dean says instead of listening to the concerns of senior administrators, he attacked them personally and called their correspondence "snotty".
