Liberal Leader Urges Extension for PUB

Liberal Leader Dwight Ball says the Public Utilities Board must be given an extension to put together a detailed report on the Muskrat Falls project. Ball says if Premier Kathy Dunderdale wants meaningful debate in the House of Assembly on Muskrat Falls, she would allow the PUB the time it needs to complete its report. Ball says the premier can call the House together at any time for a debate and vote on Muskrat Falls. He calls government's refusal to allow the PUB the extension it requested, 'negligent'.
