## Resolution Approved

March 13, 2008

The House of Assembly approved a resolution concerning government run health care facilities, but it had some changes from the original Liberal motion. The final wording indicated government will continue to follow the recommendations of the fire commissioner with respect to their facilities. The motion saw debate between all three parties in the House of Assembly yesterday afternoon. Liberal Leader Yvonne Jones was disappointed a scheduled meeting with the fire commissioner was cancelled. She isn't happy with how Provincial Affairs Minister Dave Denine is handling the matter. Meantime, Jones is hoping to meet with Fire Commissioner Fred Hollett in the coming week. The Liberals are concerned all public fire safety information is being forced through the government filter. The Fire Commissioner used to speak out on issues such as fires, the risk of Christmas lights, and natural disasters. But now Minister Denine indicates he will take the lead speaking role.
