Jones Critical Of Eastern Health Working Environment May 21, 2008

Opposition Leader Yvonne Jones says it's the working environment within [Eastern Health](#), not pay or benefits, that's resulted in the resignation of the lead diabetes physician in the province. In the House of Assembly, Jones says they have been contacted by a number of Dr. Anne Colburne's patients who are concerned about the situation and its impact on diabetic patients. Health and Community Services Minister Ross Wiseman says though he is unaware of her specific reasons for leaving, he will be meeting this week with Dr. Colburne to discuss the situation.
