Debating Closure of Teepee Dumps May 23, 2008

The Opposition Environment Critic says the closure of teepee incinerators in the province is causing problems in some rural areas. Roland Butler says while communities like Fogo have seen an explosion in the rat population, others are noticing an increase in the amount of dumping off woods roads. Minister Charlene Johnson says it is important to the health of the province's residents that we put an end to teepee [incinerators](#). Johnson says meetings will be taking place over the next few weeks with a number of communities affected.
